

Staff Clinical Social Worker Psychotherapist Position

Hamm Clinic is seeking a full-time Clinical Social Worker to provide psychotherapy.

Hamm Clinic:

Hamm Memorial Psychiatric Clinic is a Rule 29 outpatient, mental health clinic that provides services to adults, couples and families in the greater Twin Cities area. We are a private, non-profit clinic founded in 1954 by the Hamm Foundation. The Clinic continues to receive significant funding from the Hamm Foundation Fund of The Saint Paul Foundation.

Hamm Clinic provides comprehensive mental health services on an ability to pay basis, accepting client fees determined by insurance, private pay, medical assistance or sliding-fee reimbursement. Services are provided within a well-integrated multi-disciplinary treatment model: weekly treatment team meetings, and the ongoing collaboration between therapy, therapeutic modalities, psychiatry, and psychological assessment are central to the quality of care that we provide.

Hamm Clinic's pre-doctoral psychology internship program is accredited by the American Psychological Association (APA). In addition, Hamm Clinic provides training for social work interns, psychiatry residents, and post-doctoral and social work fellows.

Hamm Clinic's Mission:

The foundation of Hamm Clinic's mission rests on the belief that *comprehensive mental health care is a basic human need and should be accessible to those who require it.*

To fulfill this mission, Hamm Clinic seeks to provide:

- Quality, culturally responsive outpatient mental health assessment and treatment for individuals, couples and families in the community, including the underserved, vulnerable, and those who are unable to afford the full cost of care
- Expert training and education for mental health professionals
- Leadership in our community for effective mental health care.

Current Position:

Psychotherapy/Counseling: The social worker will provide care for a caseload of adult outpatient psychotherapy clients, utilizing individual, couples, group and/or family therapy modalities.

Primary Responsibilities specific to the Clinical Social Worker position:

- Provide psychotherapy services to adults, from an individual, couples, group and/or family modality
- Participate in multi-disciplinary team consultation meetings once per week
- Effectively coordinate care across disciplines for the provision of quality services
- Manage periodic on-call
- Some supervision capacity is preferred.

Required Qualifications/Experience:

Education:

- Master's in social work
- Licensed as an Independent Clinical Social Worker and ability to practice in Minnesota

Knowledge, Skills, Abilities:

- Strong psychotherapy and counseling skills to work with a range of presenting concerns
- Capacity to carry a 65% client caseload
- Understanding of mental health reimbursements in Minnesota
- Knowledge and sensitivity to multicultural issues
- Knowledge of issues of a community mental health population
- Strong interpersonal skills including strong oral, written, and listening communication abilities.

Preferred Qualifications/Experience:

- Experience with clinical supervision, in training or practice
- Experience providing clinical services to a community mental health population
- Presentation and training skills
- Experience working with a multi-disciplinary clinical treatment team
- Experience working with families, couples and communities.

Assets

- Bi-lingual in English and Spanish
- Experience and skills in working with substance abuse.

License eligible candidates who demonstrate significant experience may be considered.

Benefits

Hamm Clinic offers competitive compensation and full benefits including PTO, health and dental insurance, long and short-term disability insurance and a 401K. We are a great team with a longstanding reputation of excellence. Join us!
